CHASKA THURSDAY MARCH 3 1870.

Indians on the War Path.

Governor Harvey, of Kansas, has sent a communication to General Schofield, who commands the Department of the Missouri, stating that large bands of hostile Indians are on the war path a short distance west of the frontier settlements, and that white inhabitants are the mercy of the savages. He appeals earnestly to General Schofield for troops to be sent immediately to the protection of the frontier. The Governor also requests General Schofield to urge upon the President the adoption of a policy requiring the Indians to be sent unarmamented and unarmed to their reservation and kept here by military power.

Mr. DONNELLY, of this State being a Pennsylvanian, some of his old high tariff friends says, if he was still a resident of that State, he would be a high tariff man.

To this Mr. Donnelly replies: "Had I remained in Pennsylvania, I should probably yet advocate a high tariff; but I have seen its workings in the North-west and it is ruining us—we are in a worse condition than we were in 1857."

Ground Broken on the Northern Pacific Railroad.

Yesterday, at noon, the first stroke of work was done on the North Pacific Railroad, at the Duluth end of the St. Louis river, thirty miles from the head of Lake Superior. There was great rejoicing, and the usual ceremonies transpired. Speech making and hilarity was the order of the day. Our dispatches from these speak of the enthusiasm with which the people were moved and the special jubilation of the Duluth people. The building of the North Pacific Railroad is now an ascertained fact. The work will be pushed as rapidly forward as the survey is made and the line is located. They have abundant capital for the commencement of the work, and the bonds will be sold rapidly enough to furnish funds for the prosecution of the work. The auspicious commencement of the work yesterday will be completed at no great number of years hence on the shore of Puget Sound. Pioneer 16th.

White Granite.

Some very fine specimens of granite taken from a large quarry in Minnesota have been exhibited to us by the owner, a citizen of Quincy, Ill. The tract is located nearly five miles from Sauk Rapids, and seventy miles from St. Paul. The specimens are granite like Scotch granite, and seem to be equal in quality, varying only in color. The granite represented by them is pronounced by geologists to be more durable than the famous granite of Quincy, Mass. As it is excellent, therefore, for building purposes, the National Government will be able without much expense, to secure material for the Capitol buildings that are yet to be located in the Mississippi Valley. Samples of the granite can be found at the office of I. B. Shylock, Esq., St. Louis Democrat.

A few days ago, a mail train on the Chicago, Rock Island and Pacific railroad was passing along in Iowa, the other side of Iowa river, the engineer saw the shanty of a poor man on fire. He promptly stopped the train and furnished water from his engine to extinguish the flames, thus saving the poor man's house.

The story is current that Henry Ward Beecher has declined a \$25,000 salary as pastor of a Chicago pulpit.

Miss Caroline Gouley, the "sleeping girl," eleven miles from Union City, Tenn., is still living, and, as usual, arouses and remains awake nine minutes eleven times in twenty-four hours. Twenty years have passed since the sun shone upon her. She looks well, and is very beautiful.

DEFICIENCY BILL.

Appropriation for St. Paul Custom House.

WASHINGTON, Feb. 25.—The deficiency bill agreed upon to-day by the House committee foots up less than four millions of dollars, and includes the following items: For preliminary expenses for taking the ninth census, \$100,000; for repairing and furnishing the President's house, \$30,000; for \$25,000 allowed; three thousand dollars were asked for, for lamp-lighters, plumbers, gasfitters, etc., for the President's house, and \$1,000 allowed; three thousand dollars were asked for the care and improvement of the grounds south of the President's house, and none allowed; \$1,000 was asked for the purchase of plants for the President's green house, and not allowed; also, \$1,000 asked for the purchase of trees, etc.; for roofing the Custom House at Detroit, \$1,500; containing the work on the branch mint at San Francisco, \$100,000; roofing the Custom House at Cairo, \$10,000; repairs of Custom House at Sandusky, \$5,000; construction of Custom House at St. Paul, \$16,000; Roofing Custom House at Madison, Wis., \$20,000; furniture for Court House at Des Moines, \$12,000; furniture for Court House at Springfield, Mo., \$15,000.

Extension of St. Paul and Pacific Railroad.

A dispatch from Washington on the 20th says: Senator Pomroy, from the Committee on Public Lands, has reported in favor of a land grant to the St. Paul and Pacific Railroad company, to extend their line from its terminus on the Red River north to the Winnipeg frontier.

Senator Ramsey, of Minnesota, has assurances that Amsterdam capitalists will construct this road to Pembina as soon as the Northern Pacific railroad can be built from Duluth to Red River, which will be in the course of a year. This measure will be supported on political grounds as the most tangible expression by this government of sympathy with the struggles of the Winnipeg people by republican institutions, and as a checkmate to the Canadian scheme of a Pacific railroad.

Amendment to the State Constitution.

Gov. Austin has issued a proclamation, declaring that the following amendment to the State Constitution has been adopted by the people, and has become valid to all intents and purposes as part of the constitution of the State of Minnesota: [Amendment to Section 1, Art. 6.] Section 1. All taxes to be raised in this State shall be as nearly equal as may be, and all property on which taxes are levied by the people, and all valuations and be equalized and uniform throughout the State; Provided, that the Legislature may by general law or special act, authorize municipal corporations to levy assessments for local improvements upon the property fronting upon such improvements, or upon the property to be benefited by such improvements, and to regard to a cash valuation, and in such manner as the Legislature may prescribe.

Brevet Lieutenant Colonel George R. Leet, Assistant Adjutant General of the War Department, who was so summarily ordered by General Sherman to "report in person without delay" to the headquarters of the Army of the Cumberland, was in New York city at the time the order was issued, and instead of obeying it tendered his resignation, which has not yet been accepted by the President. Colonel Leet was General Grant's confidential adjutant in Washington, after the latter assumed command of the army of the United States.

HON. LONATIOUS DONNELLY writes from Washington to the Dispatch: "There is a universal feeling here that the tariff question of the coming campaign. The horse-leeches will hang on to their prey as long as they have the power, until they drain the very life-blood out of it. The voice of the great agricultural class is not heard here; while every petty, two-penny manufacturing interest has its claws beginning the doors of committee rooms."

A SPECIAL election was held in Minneapolis, Monday, to vote upon the question of issuing the bonds of the city, to the amount of \$250,000, to the Minnesota Western Railroad. The vote was almost unanimous in favor of issuing the bonds, the vote being 1089 for, and 112 against the issue.

Susan Richardson, a negro woman of Lexington Ky., on Sunday night, gave birth to triplets, all girls.

Emma Carroll, a notorious court case, now lying at the point of death in Greene street, New York, has willed \$200,000, most of her fortune, to founding a home for fallen women.

Ben. Butler, true to his instincts, appears in Congress as the defender of Whittemore, the corrupt carpet-bagger, who sold the cadetships belonging to his district to outsiders for the sum of \$2,000. "Birds of a feather flock together."

DIED.

In Chicago, on the 22d inst. of puerperal fever, Mrs. Anna W. Powell wife of William Powell Esq., and daughter of Charles Moschler of Chaska. The funeral services were held at the Moravian Church in this place on the 26th inst, and her remains with that of her infant child were taken to Oakland Cemetery St. Paul, for interment.

A CAID.

We take this method of expressing our sincere thanks to our many friends, for their generous aid in our time of need, and for their equally shown and expressed, in this our sad bereavement, we shall ever hold them in grateful remembrance.

WILLIAM POWELL.
CHARLES MOSCHLER.

Western Rail Road.

Minneapolis recently voted bonds in aid of this road, in the sum of \$250,000. We understand also that a bill has passed the Legislature allowing Chaska and Carver to vote upon the issuance of bonds for the same purpose at the annual spring election, in April. As soon as we receive the bill, we will publish the same and will then also make such comments as may seem just to us.

DEPORT STATISTICS.—We are again indebted to Mr. Long, station agent at Merriam, for a few interesting facts in relation to the business transacted during the month of February.

Freight Forwarded, 1,801,770 Pounds.

Freight Received, 259,130 Pounds.

Total lbs. 2,060,900.

Mr. Long also adds that there has been shipped during the winter over 1000 cords of wood, with about 125 cords more waiting shipment. 135 cars were used for the shipment of wood. Mr. Long being alone, has been kept quite busy, measuring wood, receiving freight &c. but is equal to the emergency.

A GOOD JOKE.—It is rumored about town that one of our citizens was the victim of cruel joke last week. It seems that he had obtained the consent of, and was in a few short hours, to be married to a lovely young lady; armed with the necessary license and accompanied by a justice, he repaired to the presence of his "future intended," when she suddenly conceived the "idea" that she wouldn't marry him. It is needless to say that the young man was upon the point of committing suicide.

PERSONAL.—County Treasurer Hasselstahl, of Wagonia, moved into town last week with his family, and will hereafter be known as a resident of Chaska. Mr. T. entered into the discharge of the duties of his office on Tuesday March 1st, and with without doubt, make an efficient and popular officer.

John G. Mezdorf of Laketown made us a short, but pleasant call on Tuesday morning. Jos. Schaff, Frank Miesler and a number of other county friends made us calls during the week.

Dr. Rogers of Carver, dropped in on Tuesday while in town and we passed a few moments pleasantly in his company. Willie Mohler of "Steamboat fame" made our office a short call on Monday. We regret being absent and will try and be at home next time.

Christian Barth and Napoleon of Watertown were in town on Tuesday and Wednesday visiting their many friends. They enjoyed themselves hugely.

THANKS.—Our thanks are hereby tendered to the gentlemanly publishers of the Minneapolis Tribune and the Milwaukee Wisconsin for their daily exchanges.

BUSINESS.—Business has greatly revived within the last two weeks. Wheat and Barley is coming into market much more freely, white Wood and Hop poles are plenty and commanding good prices. Altogether things look much more cheerful.

Rail Road Bonds.

The Petit bill has passed the lower house of the Legislature, and will without doubt pass the Senate. We published the original bill last week, it has been amended and is now more perfect. It sets aside the 500,000 acres of Interior Improvement Lands for the purpose of paying the bonds. The lands are to be valued per acre and an exchange made for Bonds, until the whole bonded indebtedness has been cancelled. The people are to vote upon the proposition in April.

HEARTH AND HOME.—This peerless Weekly is received regular and finds a warm welcome upon our sanctum table. It combines features that render it a most desirable family paper. Address Pettengill & Co., New York.

COUNTY BOARD.—The board of County Commissioners were in session during the week, from Tuesday until Thursday, and transacted much business.

The proceedings of the Board will appear in our next issue.

TOWN MEETINGS.—The bill to change the time of holding the annual Town Meetings from the first Tuesday of April to the second Tuesday of March, has passed both branches of the Legislature and will become the law. It does not go into effect, however, until after this spring's election.

Equine Remedies for Horses and Cattle.

Equine Remedies Sure and Effective. A great success. Equine Remedies. Wonderful effects from Equine Remedies. A never failing cure, Equine Remedies.

Literary Notices.

HARPER'S MAGAZINE.—Once more "Harper's Monthly" has made its desired appearance upon our table. The pursuit of each successive number greatly enhances the strength of attachment we have always felt for it.

HARPER'S WEEKLY.—We are in receipt of this model periodical. In our estimation it is peerless and is unparalleled in national reputation has been widely gained. Address: HARPER & BROS., N. Y.

suffering on the Frontier.

From the Wells (Fairbank Co.) Atlas. We were informed on Wednesday evening, of the supposed death of a man by the name of Robert Freeman, a trapper, living in Cottonwood country, this State, and of the terrible suffering of his family. The fact of the case, as far as we learned, are these:

Mr. Freeman having gone first to dispose of, and being in need of some provisions, went to Big Bend, on the river, some miles distant from his home, and there sold his furs, purchased what provisions he wanted, and started back home. He was seen on the road between the two places, but did not return to his home at the time expected, nor has he since been heard of. It is thought he must have wandered from his road and perished from the cold. The small supply of provisions of what provisions he wanted, and started back home. Second Re-Union of Co. "B" Ninth Minnesota.

A large number of the gallant boys of Co. "B" Ninth Minnesota Infantry, who met at Cyphers Restaurant at Minneapolis on Friday evening March 4th, and had a joyful re-union. G. W. Herick, Pres.; and Geo. S. Cyphers, Sec. were present and officiated. The roll was called and some twenty five or thirty of the members were present, and answered to their names.

The minutes of last year's re-union were read and approved. Reports from committees on Constitution and By-laws and Roll of Honor were read and adopted.

The boys and a large number of invited guests then repaired to a banquet provided in Cyphers' best style, after which appropriate remarks were made by Col. Alrich, Rev. H. N. Herick, Dr. Wm. H. Leonard, Capt. B. Shuler, "Uncle Dave" and others.

Business was then resumed, during which the following resolution was adopted: Resolved—That this association is unanimously in favor of a regimental re-union, and do earnestly invite all members of the regiment to unite with us in accomplishing such an object.

Several other resolutions were passed when the association proceeded to the election of officers for the ensuing year which resulted as follows, viz:

Geo. W. Herick, President. Ernest Halpin, Vice President. Geo. S. Cyphers, Secretary. Chas. D. Kingsley, Treasurer. COMMITTEE OF ARRANGEMENTS. Chas. D. Kingsley. Wm. H. Brown. E. D. Kirst.

SCHOOL MONEY.—The Supt. of Public Instruction, Hon. M. H. Dunnell has made the Semi-annual appropriation of School fund, from which we find that Chaska, Minn. has 4,462 scholars and is entitled to \$1,695.56, being 33 cents per scholar.

HOME AGAIN.—Our good looking and able Senator, Col. L. L. Baxter returned home on Saturday last, having completed his legislative duties, with credit to himself and satisfaction to his constituents.

Repr. Cullen also returned home on Friday. He was on the last day of the session elected U. S. Senator beating Maj. Fridley. Mr. Cullen returned thanks in a humorous speech.

SELLING OUT.—Henry Young is selling out his large stock at cost for cash. All those in want of Dry Goods, Groceries Clothing &c, should make him a call.

DISTRICT COURT.—The spring or winter term of the district court for this County, commences on Tuesday, March 15th. We do not know whether there are many cases on the calendar.

PERSONAL.—Albert Scheffer, the gentlemanly cashier of the Dawson Bank, St. Paul, paid our city a business visit last week.

Mr. Leue of the Volksblatt, made his usual "occasional" trip to Chaska on Tuesday.

Col. Griggs, made Chaska and our office a very pleasant call on Thursday.

DISTRICT SCHOOL.—The winter term of the district school closed last Friday after a long term. A number of our citizens visited the school on the last day and were highly pleased with the exercises. The scholars also evinced much aptness. Mr. Brown has proved himself an efficient teacher.

JOHN DUNN.—John Dunn, our retiring Treasurer has held the office for last consecutive years, and has discharged the duties pertaining thereto with ability and integrity and to the entire satisfaction of the people. In his retirement, to private life and business, M. Dunn carries the warm wishes of the entire county for his success in whatever he undertakes.

THANKS.—Our thanks are hereby tendered to Hon. E. M. Wilson for Public Documents received.

Co. Board.—The board of County Commissioners at their last session, appointed Gerhard Deuss, overseer of the Poor Farm, at an annual salary of \$400.

Commr. Reusse and Griffin were appointed a committee to stock the poor farm and set the same in motion. We will complete the proceedings next week.

GRAIN AND WOOD.—Grain is coming in quite freely and is being stored. Wood is still coming in freely, there still being a little room left on the town plat to store.

THE LITTLE CORPORA! for March is a rich number. We do not see how it can possibly be improved; but the publishers promise great improvements during the year. It is a most beautiful juvenile magazine. One dollar a year. Issued at Chicago, Ill., by Alfred L. Sewell & Co.

It is a rare thing that physicians give any countenance to medicine, the manufacture of which is a secret. About the only exception we know of is Johnson's Anodyne Liniment. This, we believe, all endorse, and many of them use it in their practice with great success.

Persons requiring purgatives or pills should be careful what they buy. Some pills not only cause griping pains, but leave the bowels in a torpid, colic state. Parson's Purgative Pills will relieve the bowels and cleanse the blood without injury to the system.

Correspondence.

ICE. Several of our "Hotel proprietors" are busily engaged in putting up ice for summers use. It is however not the very best, being quite thin.

RECEIVED.—H. R. Denny, the leading "Hardware man" of Carver has just received 50, of these "celebrated Hapgood, Young & Co's. O. K. Plows" Manufactured at Chicago. These Plows were only introduced here last summer by Mr. Denny, who finds that they take the "palm off" of all others Plows in the market. He has the exclusive sale of them for Carver and McLeod Counties. Give him a call farmers at the "Brick Hardware Store."

REAL ESTATE SALES.—We have heard rumors of a number of important real estate sales, about town within the last few days, but will not mention them just yet.

WOOD.—Good dry maple wood is sliding into town fast, and is bringing \$3 50 a cord on the bank.

AT WORK.—Capt. Geo. Houghton has been at Stillwater for the last two weeks engaged in raising a boat that was sunk there last fall. The Captain wants the "Engine" to put in his boat on the upper Mississippi.

MATRIMONIAL.—We heard that our friend, Frank McKnight of Blakely was married last week. We expect to hear "further particulars" next week.

F. Wildung late of Carver, has also "gone and done it."

PERSONAL.—Commissioners Wessbecker Kelly and Reusse were in town on Friday last, and gave us a friendly call. Our friends Jas. Slocum of Young America and Dr. E. Bray of the same place, were in town on Saturday and honored us with a call.

Robert Patterson, Leonard Streukens, C. Kroeschnebel and others from Benton were in town last week.

Our friends Schieslegle and Patterson of Waconia were also around. call again Gent.

RETIRED.—We notice by last week's "Herald" that John Dunn Esq, had retired from the County Treasurers office, and that Treasurer Hasenstab has taken possession. We cannot let this opportunity pass without saying that Carver County has lost a good and faithful officer in the retirement of Mr. Dunn. He has held the office for 8 years we believe, and has given entire satisfaction to the people of the County. Let us hope that in Mr. Hasenstab we will have as good and faithful an officer as Mr. Dunn has been. We understand he will remain a resident of our County.

CLOSED.—J. S. Letford, who has been Teaching School in Dahlgren town, closed his 3 months term last week.

We understand that the Carver school will close in about 2 weeks.

—John Picket of St. Charles has lost six children with scarlet fever; the seventh and only remaining child is recovering—Herald.

My Fluid Extract.

THE ARTICLE STANDS PRE-EMINENT, AND IS KNOWN IN ALL PARTS OF THE WORLD.

The first and most important object was to offer to the afflicted a remedy that was perfectly safe, and could be taken by adults and children. Ignorant persons, who pay no attention to dose, direction, or advice, might reason that, "if a teaspoonful taken occasionally did good, two would be better, and perhaps a bottle would cure in a day."

What I would have understood is that no injury can arise from its use. It is as safe as any article of food but patients must not expect any medicine to rebuild a wrecked or shattered constitution in a few days, and perhaps with a single bottle.

FROM THE LARGEST MANUFACTURING CHEMIST IN THE WORLD.

"I am acquainted with Mr. H. T. Helmbold. He occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

Helmbold's Buchu.

I propose to give evidence that this remedy is not a Patent Medicine. The objection which generally lies against all discoveries and inventions in medicines is "Patent."

Nor have we asked Pickwick, affected Prudes, or, in short, men who are possessed of every kind of sense but common sense, and all kinds of opinions but their own. The Buchu is a good thing; it has hundreds of thousands of witnesses to attest its virtue and commend it. It is the prejudice of bigots and the envy of "Quacks."

BUCHU.—It is strong, diffusive, and somewhat aromatic; its taste is bitterish and analogous to that of Mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, Morbid Irritation of the Bladder and Urethra, diseases of the Prostate Gland, and Retention of the Urine.

It is also recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections, and Dropsy.

Cure of Gravel of Five Years' Standing—Stone Passed and to be Seen.

SAYANNAH, TENN., May 14, 1869.

DR. H. T. HELMBOLD:

DEAR SIR:—We introduced your "Fluid Extract Buchu" in this country about eight months ago, and we are happy to state that it is meeting with universal favor. We wish to inform you of one instance (among many) where your "Buchu" has worked wonders. A man in our county, named J. B. Estell, had been suffering about five years with gravel. About six weeks ago he bought of us one bottle of your "Buchu," and before he was through with one bottle he passed a gravel that weighed eight grains, which we now have on exhibition in our drug store. He says he will never be without the "Buchu" in his house again. Your preparations are gaining favor every day.

Very respectfully yours, etc.,

ECOLLE & HINKLE, Druggists.

Cure of Bladder and Kidney Affection of Long Standing—Stone Passed and to be Seen.

WESTPORT, CONN., Sept. 5, 1869.

H. T. HELMBOLD ESQ.:

DEAR SIR:—I commenced taking your "Extract of Buchu" about two weeks since for an affection of the gravel, bladder and kidneys. I have suffered very much for a few days past. But yesterday relief came through the effect of your "Buchu." A stone passed from my bladder about the size of a large pea; and I now feel entirely free from the pain that I have suffered with "so hard." I attribute my cure to your medicine entirely, and would recommend all persons similarly affected to try it. I have great faith in its curative powers.

Yours truly,

THOMAS J. BENNETT.

Speedy Relief from Kidney Affection, Occasioned by Accident.

NEW YORK, Feb. 1st, 1870.

DR. H. T. HELMBOLD:

DEAR SIR:—On the 23d of August last I received severe internal and external injuries, occasioned by an accident on a Philadelphia railroad car. On my arrival in New York, I was attended by Dr. WILSON, of East 55th st., and another physician, whose name I do not now remember. After my wounds were dressed, I suffered for (3) three days intense agony from internal injuries, which affected my kidneys. I can say that after taking but three doses of YOUR EXTRACT BUCHU I felt greatly relieved. I used the balance of the bottle, and am happy to state that since that time have experienced no further difficulty.

Cure of Kidney and Bladder Affection of a Patient Seventy Years of Age.

THANKS TO DR. HELMBOLD

GIRARD, Pa., March 31, 1869.

Editor Cosmopolitan:—I desire as an unsolicited tribute to the merits of "Helmbold's Buchu," and for the benefit of those similarly afflicted as myself, to say that, after consulting many eminent physicians, and trying nearly all the best advertised remedies, in the vain hope of finding relief from aggravated kidney and bladder diseases, from which I have suffered excessively for many years, good fortune finally suggested to me Helmbold's Buchu; which I commenced using with little faith, and no apparent beneficial results for about a month. At the expiration of that time, however, I thought I commenced to experience slight relief, which encouraged me to persevere in its use. And now, at the expiration of four months—although I am an infirm old man, nearly seventy-eight years of age, and, consequently, medicines cannot be expected to favorably affect me as they otherwise would—I have found such unspeakable relief and permanent benefit from Mr. Helmbold's valuable discovery that I feel I ought to publicly record the fact, as an acknowledgment to him and a valuable suggestion to the public.

Yours respectfully,

D. M. LAREN.

Mr. H. T. HELMBOLD—Dear Sir:—In regard to the question asked as to my opinion about Buchu, I should say that I have used and sold the receive the slightest benefit from their costly medicines.

Four months ago I saw your advertisement in the Herald. I was persuaded by a friend who had been benefited by your world-renowned BUCHU. I purchased a bottle, took the contents, and was so relieved that I continued the use of it. The DIABETES HAS ENTIRELY DISAPPEARED, AFTER USING IT FOR THREE MONTHS. I WOULD GIVE \$50 A BOTTLE, if I could not get it at any other price.

equal to yours. Twelve years' experience ought, I think, to give me the right to judge of its merits; and, without prejudice or partiality, I give your precedence over all others.

I value your Buchu for its effect on patients. I have cured with it, and seen cured with it, more diseases of the bladder and kidney than I have seen cured with any other Buchu, or any other proprietary compound of whatever name.

A CASE OF

TWENTY YEARS' STANDING.

PHILADELPHIA, Penn., June 25, 1867.

H. T. HELMBOLD, Druggist—Dear Sir:—I have been a sufferer for upward of twenty years with gravel, bladder and kidney affections, during which time I have used various medical preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted my family physician in regard to using your Extract Buchu. I did this because I had used all kinds of advertised remedies, and found them worthless, and some quite injurious. In fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubeba, and juniper berries, it occurred to me and my physician as an excellent combination; and, with his advice, after an examination of the article and consulting again with the druggist, I concluded to try it. I commenced to use it about eight months ago, at which time I was confined to my room.

From the first bottle I was astonished and gratified at the beneficial effect; and after using it three weeks was able to walk out. I felt much like writing to you a full statement of my case at the time; but though my improvement might only be temporary, and therefore concluded to defer, and see if it would effect a perfect cure, knowing that it would be of greater value to you and more satisfactory to me.

I am now able to report that a cure is effected, after using this remedy for five months.

I have not used any now for three months and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use on such occasions.

RAHWAY, N. J., December 2, 1869.

H. T. HELMBOLD, Esq.—Dear Sir:—I take great pleasure in sending you a certificate, in addition to the many you have received from suffering humanity. I can scarcely find language sufficiently strong to express my heartfelt gratification at the wonderful cure your "Buchu" has effected. For four years I have suffered beyond description. All my friends (with myself) came to the conclusion that my case was incurable. Accident placed your advertisement in my hands. I commenced taking your "Buchu." I followed the directions, and, to my utter astonishment, before I had taken seven bottles of your valuable medicine I was able to get up a bottle, if I could not get it at any other price. I was entirely cured. I most earnestly recommend it to all those suffering from disease. I have told many persons to take your valuable medicine; and they are doing so with great success. Any information my fellow-citizens may require will be freely given by the subscriber, at his residence, No. 78 Milton Avenue, Rahway, New Jersey.

(A HOME AND SCHOOL FOR THE SONS OF DECEASED SOLDIERS.)

Dr. H. T. HELMBOLD:—Two bottles only of the package of your valuable Buchu presented to the Institute have been used by the children, and with perfect success. In the case of our little Lieutenant A. J., his pride is no longer mortified, and he is free from the daily morning anasthesias of the chambermaid who has charge of his bedding. I feel that a knowledge of the result of our use of your Buchu with the children under our charge may save many a Superintendant and Matron of Boarding Schools and Asylums a great amount of annoyance; and many a poor child, suffering more from weakness than from habit, may be spared punishment that is (not knowing it) as a weakness, instead of a bad habit) most unjustly inflicted upon them. Thanking you on behalf of the children, and hoping others may be alike benefited,

I am respectfully yours,

Mr. H. T. During an accidental conversation in a drug store, the other evening, my mind was changed on the character of your Buchu. It was then highly commended for other diseases by the physicians present. Inclosed please find our rates of advertising. Yours, etc.,

A Case of Inflammation of Kidneys and Gravel.

FROM MORGAN, FEAZEL & CO.

GLASGOW, MISSOURI, Feb. 5, 1868.

Mr. H. T. HELMBOLD:

DEAR SIR:—About two years ago I was troubled with both Inflammation of the Kidneys and Gravel, and I resorted to several remedies, without deriving any benefit whatever; and, seeing your EXTRACT BUCHU advertised, I procured a few bottles, and used them. The result was a complete cure in a short time. I regard your EXTRA BUCHU to be decidedly the best remedy extant for any and all diseases of the Kidneys, and I am quite confident that it will do all you claim for it. You may publish this if you desire to do so.

Yours, respectfully,

NOTICE!

There will be a meeting of the Mount Pleasant Cemetery Association at my office, on Tuesday evening, April 5th, for the purpose of nominating officers, and for the transaction of such other business as may properly come before said meeting.

HENRY YOUNG, Secy.
Chaska, March 21st 1870.

DISTRICT COURT.—The last term of Court continued in session from Tuesday until Saturday evening. The Lano, Jasper land case occupied fully one half of the term and was finally decided in favor of Jasper. We understand the case will be carried to the Supreme Court for final determination.

Lamprey vs. Henk, known hereabouts as the Henk case, occupied a full day and was decided in favor of the plaintiff. The amount involved figured up some \$1750. A new trial has been moved we believe.

PANEL QUASHED.—The Grand Jury found several indictments at the late session of the district court—but the parties escaped punishment. Following the quashing of the jury panel upon motion of Messrs. Peck and Brown attorney for the parties. Attorney Hinde of Shakopee held that the jury were legally drawn, and that the decision of the Judge was wrong and unjust.

REVENUE STAMPS.—Lienholder and Fisher, have and will hereafter constantly keep on hand, Revenue Stamps of the various denominations now in use. This firm is the only one that keeps them in this town for sale.

SCHOOL MEETING.—The annual School meeting will be held at the School House, on Saturday evening, March 26th, as by law required. A school board will be elected consisting of three members, director, clerk and treasurer. The clerk will also render a statement of the condition of the district. The meeting will probably be largely attended.

PERSONAL.—Dr. Griffin of Carver, Assessor for this District was in town during the week, making the annual tour gathering incomes, &c.

Willie Mohler of Carver also dropped in to see us while swinging around. Judge Chatfield also called in to see us, while in town on business.

Capt. Gorman, of Carver made us a pleasant call on Tuesday.

HOUSE MOVING.—Herman Brinkhouse is engaged moving his building, located near Messrs. Lienholder and Fisher Warehouse to a point upon his lot adjoining his present residence. Lower town is gradually but surely disappearing.

BURNED DOWN.—We are informed that the residence of A. F. Krueger, of Waconia Township, burned down on Monday night. Building and contents total loss. Insured in the Security of N. Y.

COUNTY FINANCES.

We publish this week as required by law, the Financial Statement, prepared by the Auditor from the records of the County, showing the receipts and expenditures for the year ending March 1st 1870.

The County indebtedness foots up \$10380.98, while the assets figure up the handsome sum of \$15781.15, although there is a judgment docketed against the County of \$9002.50, not included in the liability as given above.

In view of these figures, we can heartily congratulate the citizens of Carver County on the state of the County finances, and can predict a still better showing next year, providing our County board exercises its usual cautiousness.

CARVER SCHOOL.—We shall have something to say in regard to the closing day of the Carver School next week.

ACADEMY.—The winter term at the Academy closed on Friday. There was a large number of our citizens present.

ATTENTION!—Read the new advertisement of Henry Young in another column. He calls for a settlement on or before the first day of May next, or the Sheriff and lawyers will be "after some body."

Meeting of Town Supervisors.

The Town Board of Supervisors will meet at the Herald office on Tuesday, March 29th, for the purpose of examining the report of Town Treasurer, and adjusting and settling all charges against the Town. "Claims against the Town must be itemized and verified."

LIQUOR LAW.—Under a law passed at the recent session of the Legislature, every town is allowed to vote whether it will or will not permit the licensing of liquor selling within the town.

IMPORTANT.—A Law has been passed allowing County Commissioners to authorize Registers of Deeds to get up what are called tract indexes, being books showing the changes of title of every lot and piece of land in the county. It allows the Register one cent and a quarter per description for the cost of getting it up. It also allows the Board to purchase an abstract at a price not exceeding the price of a tract index. The law is intended to enable the people to trace titles without incurring the expense of abstracts.

HEARTH AND HOME.—This continues to be one of the best, if not the best family newspapers now published. Its literary character is of the highest order, while its agricultural and horticultural departments are edited with great ability, combining in all its features a style and interest that renders it a most valuable family paper. In addition to all this, its illustrations are exceedingly beautiful. Address Pettigill & Co., New York City.

THE ATLANTIC MONTHLY.—This magazine for March contains a variety of instructive articles, among which we would note:—In Behalf of the Birds; Josephine His Friends;—part 3, From Pennsylvania Hills to Minnesota Prairies; The Military Ball at Goulasaska; The Minor Theatres London; A Romance of Real Life; Adventure and Adventure; California Earthquakes; Is Marriage Holy?; Hopes of a Spanish Republic; &c., &c.

Equine Powders, Liniment and Ointment.—Equine Remedies are the standard. Equine Remedies need no puffing. Horse owners use Equine Remedies. Cattle owners use Equine Remedies.

More than forty years have elapsed since Johnson's Anodyne Liniment was first invented, during which time hundreds of thousands have been benefited by its use. Properly no article ever became so universally popular with all classes as Johnson's Anodyne Liniment. Pills which contain antimony, quinine, and calomel, should be avoided, as severe griping pains would be their only result. The safest, surest, and best pills are Parsons' Purgative or Anti-Bilious Pills.

A New and Handsome Woman orator in the Field.

Correspondence of the N. Y. World.
Boston Mass., March 5.—Miss Lillian S. Edgerton delivered an address this evening at Chickering Hall on the theme "Woman is Coming." A large and appreciative audience was present, including representative members of the best classes of Boston society, and the efforts of the young orator were frequently rewarded with rounds of applause. The lecture was an undoubted success.

Miss Lillian S. Edgerton is about twenty-two years of age; she is about medium height, of commanding presence, possesses regular and expressive features, light Auburn hair, large blue eyes, and a voice of most depth and power, peculiarly distinct in its enunciation, and in its rich quality reminding one of the intonations of Fanny Kemble Butler. She prepared herself for the career of a public reader, but becoming interested in the woman question, abandoned her artistic ambition, and has since devoted herself to the study of what is most advanced woman's best interests. She needed no such elaborate elocutionary training for success as a lecturer, for she is a natural orator. In the faculty of "putting things" or of making "points," as lawyers call it, she constantly reminds her hearers of Gail Hamilton. In power of interesting an impressioning them by earnest passages of appeal, she has few, if any, superiors. Her unequivocal success in her debut tonight before a critical Boston audience, has placed her in the front rank of platform orators.

—In Vermont recently a little girl fell into the water, was carried down under the ice for about five rods, went over a seven foot dam and passed through an underground roadway for a distance of fifteen rods to another dam, and was then rescued alive and is doing well.

—Four men were killed on Thursday by the explosion of nitro-glycerine, at Bergen, N. Y.

—The Iowa Legislature has passed a most unbusinesslike bill to tax the gross receipts of railroads.

Grant's Brother-in-Law.

A friendly letter of Corbin to somebody in Ohio, is published, in which occurs the following passage:—
"I have refused my debts to about \$19,000, and if my life is spared a couple of years, and God prospers me, I hope to be entirely free of all debt without seriously affecting the amount of my property—having already made arrangements which will extinguish more than half of it. My taxes this year, will, I fear, amount to over \$10,000. Last year they were over \$80,000."
"I have been blessed with some warm friends among both the rich and poor I belong to the Methodist Church, and try to serve God and deal honestly with all men. I never had a lawsuit in my life. So you see I am not contentious, and do not give serious offence to others."
"Having last May, married the sister of President Grant, I have, in order to vex him, been violently assailed by the politicians. But, when the present storm is over, I hope to be able to so have as to make it not easy for them to assail me again."

A Young Lady Nearly Loses Her scalp.

The Worcester Spy states that on Friday, at the hoop skirt manufactory of D. H. Fanning, in that city, a young girl by the name of Williams was down upon the floor, engaged in cleaning up around a revolving shaft, when a few hairs on the top of her head got entangled and wound up with the shaft, without her knowledge, until so much of it had caught that she could not free herself. Her cries brought the other girls of the room to her aid, and while some of them were engaged in trying to throw off the belt that turned the shaft, one, with quick thought as to what should be done, seized a knife and cut off the hair before it had torn the poor girl's scalp off, though it had raised it up in an ugly manner, and drawn her head so near that a set screw cut her on the face at each revolution and cuts bad gash. She was then taken home and medical aid procured.

MURDER AND SUICIDE.

St. Louis, March 19.—The dead body found near the fair ground this morning has been identified as that of Wm. Streger. The evidence before the coroner's jury this afternoon showed that he and Herman Tubensung, who was killed last night, belonged to the same lodge of Hungarians, and that Tubensung was principally instrumental in having Streger expelled therefrom. One of the pious found a car Streger was a French weapon, carrying a peculiar shaped ball, and that the balls found in Tubensung's body corresponded exactly with those in the pistol and those in Streger's body. It is therefore believed that Streger was the murderer of Tubensung, and that he committed suicide.

—The Black River Falls Banner says:—"The past winter has been a most successful logging year, and from the best information we can gather, at least 150,000,000 feet of logs have been cut on Black River, while on the Eau Claire the amount will be only about 65,000,000 feet. Last year the amount of logs put into Black River was nearly 200,000,000 feet."

—School boys Nevada dig holes about their playground fifteen feet deep by way of practice in the profession of their fathers. The other day two of them struck a ledge of gold bearing quartz, and immediately a thousand feet of claims were "beaten" right through the School house.

An Actress in Love with Her Own Beauty.

New York correspondence of Chicago Times.
A genuine woman is Elsie Gorman, of Wallack's, it is green room gossip may be believed. She believes herself very pretty, you know, and is not without foundation for her belief. She has been playing in parts that gave her an opportunity to exhibit her comeliness to advantage; but when Lost at Sea was produced she was cast for the character of Sissy a London errand boy, who must necessarily be made the opposite of handsome. Elsie insisted that she would not take the part, that she would rather quit the theatre than appear ragged and begrimed instead of elegant and well dressed, as is her custom. Her friends urged her to change her resolution, and she did so at the last hour. She has made such a hit as Sissy that she can hardly regret now that she disguised her pretty face and symmetrical form in the habiliments of an ignorant and plebeian boy.

Death on the Railroad Track.

TERRE HAUTE, March 22d.—Nathan Webster, an old man from Virginia, was struck by an engine and fatally injured while walking on the railroad track near Sullivan this afternoon. An Irish man about 40 years old, named McClure, was struck and killed by an engine on the Terre Haute and Indianapolis Railroad, near Cotesville this afternoon. He was intoxicated at the time. Neither of these fatalities was occasioned by any want of care on the part of the engineers, both of whom are careful and reliable men.

Time Table of M. V. R. R.

The following indicates the time for the arrival of trains at Meridian Station:

Trains leaving Meridian Station:

DIED.

At Waconda, on Saturday morning, March 26th 1870, Henry Basler.

Town Meeting.

The annual town meeting will be held at the School House, on Tuesday, April 5th, for the purpose of electing town officers for the ensuing year.

We hope that the matter will be viewed calmly and from a business and not political standpoint, and good, reliable, able and energetic men selected to fill the different offices.

We need live energetic men at the head of our town affairs, who will, as during the past year, improve roads and take hold of any other enterprise that may in any way tend to develop our resources and help to improve the material interest of our village.

SCHOOL MEETING.—The school meeting last Saturday evening was largely attended and much interest evinced in the proceedings. Ferdinand Thies was chosen as Moderator & F. E. Du Toit as Secretary. The following gentlemen were then elected as a board of directors for the ensuing year:

Director, John Kerker.

Clerk, Henry Young.

Treasurer, Philip Henk.

The report of the school clerk, G. Krayenbuhl was read and approved. The district would stand well financially providing delinquent taxes were collected. A tax of 4 mills was levied for current expenses.

CARVER SCHOOL.—We had the pleasure of attending the last day of the winter term of the Carver school, taught by Mr. Wm. Benson and were highly pleased with the exercises and the proficiency shown by the scholars. Mr. Benson has earned the respect of the citizens of Carver and the love of his scholars.

At the close of the exercises, Mr. Benson was presented with a beautiful silver watch by his scholars, valued at \$35. The presentation remarks were made by master Ned Williams and were responded to in a feeling manner by Mr. Benson. The school is now enjoying a vacation of a few weeks.

HOOP-POLE SHAVING.—Henry Young has some 20 men shaving hoop-poles and will this week send out an additional gang to chop down and tie up some 50,000 more necessary to fill a contract.

Messrs. Linsenbeler and Faber and Lucien Warner also have men at work shaving poles for market.

FERRY.—The ferry commenced running on the 26th day of March, and is now in good running condition notwithstanding the ice. Fred understands his business thoroughly.

PERSONAL.—Edward Reusse, Chairman of the County Board, was in town during the week on official business.

CARVER BOND ELECTION.

31 Majority for Bonds.

Quite an animated election took place in our neighboring city, Carver, yesterday, upon the project of issuing bonds to the amount of \$20,000 in aid of the Western Rail Road—there was 107 votes cast and a majority of 31 in favor of issuing bonds to the above amount, running 25 years, bearing interest at 7 per cent per annum, payable semi-annually.

The road is required to cross the river this side of Louisville, thus preventing any possibility of the Hastings road crossing at the Rapids.

We hope our friends will be kind enough to send in the result of the different town elections in time for our next issue. It is a matter of public interest.

Ansel Barker has been employed by Messrs. Sheldon & Co., of St. Paul, Agricultural Dealers, as Canvassing Agent.

Snow.—Snow is rapidly disappearing in the woods.

THE JUDGESHIP!

The Shakopee Argus, edited by Henry Hinds, takes exception in its last issue, to an article that recently appeared in the columns of the HERALD to Judge Brown's appointment and the wish and desire of the people relating thereto.

We simply stated and now firmly reiterate, that Judge Chatfield's appointment would have given better satisfaction to the people of the new 8th district. It is also well known throughout the length and breadth of the district, that Mr. Hinds' opposition to Judge Chatfield's election, is simply the offspring of personal feeling and jealousy; the people so understanding pay no attention whatever to Mr. Hinds' raving. The Argus will find out about the 3d of Nov., as to who is mistaken in the premises.

STREETS.—Our streets are gradually "drying up" and we hope soon to be able to travel about without going ankle deep in the mud. Side walks would be a luxury just now. Who will set the example first.

THE LAWS.—We publish this week in supplemental form the laws of a general nature passed by the last Legislature. They are of considerable importance and should be preserved for reference.

Owing to county advertising we are unable to publish our usual amount of reading matter. We shall make up for the present discrepancy during the summer. Several advertisements are also crowded out temporarily. We will make up the time lost at the end of the year.

THE RIVER.—The river is rising quite rapidly and will soon present a "fall" appearance. A good rain would send the river "kiting" and remind some of the river towns of "Kingdom coming."

"Barrett's" Infallible Hair Restorative.—"Barrett's" satisfies everybody. "Barrett's" is the most approved. "Barrett's" is highly perfumed. "Barrett's" is free from dirt and gum.

DULL.—Business is very dull at the present time, and will probably remain so until after the opening of navigation. Boat-men are rigging up preparatory to a summer's job. Boating will probably be lively during the summer.

Carver Items.

BURNED OUT.—We notice by last Tuesday's issue that our friend, Harrie W. Holmes of Wabashaw, was burned out on Sunday morning last. His large Flouring Mill together with a lot of Flour and Wheat was all destroyed. This is a hard lick on the Capt, but we hope it is so to be as reported.

BOOMING.—Carver Creek has been on a rampage for a few days past, but doing no material damage.

DIED.—F. Strocker lost a small child, on Sunday last. Funeral on Monday.

PERSONAL.—Comdr. E. Reusse Chairman &c. was in town on Friday, also Comm. Wesbecker of Waconda.

Dr. E. Bray of Young America was also in town on Monday.

Capt. J. H. Brown of Shakopee with Col. Baxter of Chaska were in town on "legal business" during the first of the week.

SMALL POX.—We are reliably informed that small pox is raging to quite an extent, in the neighborhood of Young America, six or seven cases, that we know of, every body is being vaccinated.

EXERCISING.—The election on Wednesday last.

RIVER NEWS.—Capt. Jas. Houghton the veteran Minnesota River Captain is preparing for the Summers work, and will be in readiness to report at St. Paul next week.

Capt. Geo. Houghton will make his headquarters at Sauk Rapids, to get his boat in readiness for work on the "upper Mississippi."

Wm. B. Mohler, Clerk &c. is awaiting orders.

The public are hereby assured, through the columns of the VALLEY HERALD, that Parson's Purgative Pills contain no injurious principle, but that they may be administered to children and the most delicate and shattered constitutions in small doses, with great certainty of success.

Dr. A. Johnson, one of the most successful practitioners of his time, invented what is now called Johnson's Anodyne Liniment. The great success of this article in the cure of Bronchitis and all diseases of throat and lungs, will make the name of Johnson not less favorably, if less widely, known than that of Louis Napoleon.

CHAPTER OF HORRORS.

Ten or Twelve Lives Lost

We learn from papers published on the frontier, that many lives were lost during the terrible storm of the 15th inst. The storm raged fearfully and all those caught out, were either frozen to death, or crippled for life. The recital of these hardships are heart-rending and did space admit we would publish the same in full. As far as present ascertained some ten or twelve persons lost their lives during the one storm.

A NEW INDUSTRIAL JOURNAL.—The Technologist is the title of a new Industrial Journal, devoted to Engineering, Manufacturing, and Building, that comes to us freighted with valuable articles. The distinguishing feature of this Journal is the fact that all the Articles and Illustrations are original—no clippings or oldenravings being used. The Publishers further pledge themselves that no advertising articles (that is, no descriptive puffs of worthless inventions) shall be inserted in its columns under any circumstances whatever; and, if they fulfill this pledge, they will certainly do a grand thing for the industrial journalism of the country, for every intelligent mechanic knows that indiscriminate puffing is the bane of our mechanical and so-called scientific periodicals.

The Technologist is issued by the Industrial Publication Company, whose office is at 176 Broadway, New York. Every mechanic ought to send for at least one number of this Journal. If they send for one, it will be strange if they do not send for the others.

Sheridan indorses Sheridan.

[Washington Dispatch to the Chicago Times.]

Gen. Sherman wrote a letter to-day, acknowledging the receipt of one from Gen. Sheridan, where the latter defends his conduct on the Indian question. Gen. Sherman replies that he indorses Sheridan's letter, and says he prefers to believe Col. Baker relative to the details of the attack on the Piegiens, rather than the stories trumped up at Benton, 100 miles from the scene of the fight. He believes Baker, when the latter says that a majority of the Piegiens who were killed were warriors; that the firing on them ceased as soon as the resistance ceased; that quarter was given to all who asked for it, and that 100 women and children were allowed to go free and join other portions of the tribe. He believes that, when the latter says that a majority of the Piegiens who were killed were warriors; that the firing on them ceased as soon as the resistance ceased; that quarter was given to all who asked for it, and that 100 women and children were allowed to go free and join other portions of the tribe. Universal Amnesty.

Washington, (March 23) Dispatch to the Cincinnati Commercial.

The President to-day, in an interview with Mr. Burman, of West Virginia, and Senator Johnson of Virginia, said he had already prepared a special message to Congress, in which he recommended the passage of a law granting universal amnesty to all lately in rebellion. He stated that he was in favor of granting amnesty to all and every one who desired it, and that all they would have to do would be to make a record of the same at the nearest Court. Mr. Burman said he was in favor of general amnesty, but with few exceptions, and those he would never consent so far as he was concerned, to being given the franchise privilege. The President did not desire to make any exceptions, and his message would so recommend nothing but universal amnesty. He said, further, that after Georgia and Texas are admitted he would send in the message alluded to. Senator Johnson said he was sure it would do more to heal all differences in regard to the late war than any act that could be done.

"Marian," said her husband, "you are a little caustic, but you mustn't let old Elephant's smooth tongue convince you that black and white is black. Nobody can infringe the law of the land without suffering for it."

"But his wife, Roy, and the poor little child!"

"They'll do well enough," said Sir Roy, differently. "General laws must bear hard in particular cases, of course! Why, Marian, my darling, you are crying!"

now—and I remember why I came. I wanted 'em to know how it came about. The bloody cross, you know—they'll find it on his forehead!"

"Whose forehead?" exclaimed Mrs. Watson, fairly mazed and bewildered. "Wh'll find it? Mary Owenson, you are crazy, sure enough."

The poor young thing nodded her head. "I know it," she said; "but it was *that* drove me mad! I had all my senses until he
